MEETING WITH UNIVERSITY LIBRARIAN

On August 19, 2011, University Librarian Denise Stephens met with the UCSB LAUC committee, during which meeting CAAR presented a list of librarian position needs for consideration, ranking, and recommendation. Denise informed CAAR that she anticipated an unusually large number of recruitments during the upcoming year.

Denise Stephens also set a new precedent and invited CAAR to offer suggestions for two Librarian participants in each of the four projected AUL Appointment Advisory Committees, starting with the AUL for IT & Digital Initiatives in October. Typically these AACs were appointed without input from CAAR.
